

# BIOMEDICINE

A mature and export-oriented  
biomedicine ecosystem

## Subsectors in numbers:

**76%**

of chemicals & pharmaceutical  
products are exported

**€256M**

pharmaceutical export  
turnover (2020)

**60+**

years of biomedicine  
expertise

**500+**

companies across the biomedicine  
ecosystem, including established  
manufacturers and emerging  
**biotech & medtech** startups

## A cost-efficient and scalable environment for clinical development and deep-tech growth

**Above EU average**

clinical trials per 100,000  
population (20,5 vs EU  
average of 18)

**#1 among OECD**

by the share of women in  
science, technology and  
innovation.

**10 000+ students**

enrolled in biology,  
chemistry and  
mathematics fields (2024)
